

energize

Designed with the Comfort and Durability in mind this range is ideal for all body shapes and sizes

The Australian made zoned Mastercoil Spring System is encased in a high density foam box, and finished with premium comfort layers and fabric.

Australian Master coil spring unit offers excellent durability. With our unique Uni-Zone system that reduces partner disturbance and enhances lumbar support.

High quality Australian Made premium foams provide the optimum of feels and comfort, with the confidence of durability and lasting support.

Smart Edge technology uses high density foam giving the sleeper a more consistent feel all over the sleeping surface.

This temperature sensitive application provides a dynamic evaporation response. Keeping you cool and dry, improving you overall sleep.
