

Eco Rubber

Support, Comfort, Luxury

10 Year Guarantee

HAND CRAFTED IN AUSTRALIA

Specifications

Fabric/Design:

- Smooth top helps eliminates body signature and heat issues by taking away the heavy quilting.
- Australian Made and Sanitised Visco Stretch Knit Fabric exclusively designed by Bekaert Textiles for Sleep Solution
- Treated with award winning temperature control feature ADAPTIVE

Comfort Layers: All Layers are 100% Natural Antimicrobial and Sanitised

All layers have varying degrees of density to suit feel

- **Support:** 100% Natural Eco Latex
- **Comfort:** 100% Natural Eco Latex
- **Luxury:** 100% Natural Eco Latex

Support Layer:

- **Support:** 100% Natural Antimicrobial Eco Latex
- Foam support layers
- Laminated comfort layers using a water based glue

Benefits

- Cools the body naturally, inhibits bacteria growth and absorbs moisture
- Australian made quality fabrics and treatments conform to Australian safety standards
- ADAPTIVE uses the energy (heat) of your body to boost moisture wicking, moisture evaporation and cooling.
- 100% Natural Latex manufactured with the Dunlop, contours to each individuals body shape eliminating pressure whilst supporting the body
- Completely natural product, sustainably sourced
- A healthier sleep alternative as Latex is inherently anti-dust mite, anti-bacterial and resists mould and mildew
- Pin-holed from top to bottom throughout the comfort layers and core to zone the mattress creating pressure relief for the shoulder and hip areas and also allowing constant air flow which creates a stable temperature on the sleep surface
- Foam support layers help establish feel and provide added support for latex layers
