

NEW RELEASE

Oscar Living NoBow Mattress Levelling Foundation

Introducing the Oscar Living NoBow Mattress Levelling Foundation, a simple yet effective solution designed to enhance the support of your mattress by sitting on top of existing timber or curved slat bed bases. Providing a more stable foundation helps preserve your mattress's performance and protect its warranty. Available in a range of sizes from Single to King, the Oscar Living NoBow system offers a reliable way to optimise comfort without the need to replace your current bed frame.

Before

After

Disclaimer: The Oscar Living NoBow levelling system is not designed to replace damaged or broken bed base slats, it is designed to be placed upon bed slats that are well supported to the base side rails.
